

# Lubricants & Air Dusters

## Penetrating Lube

### Part # A194

Stoner A194 Penetrating Lube is a multi-purpose shop tool which penetrates, lubricates, cleans, and protects most metal surfaces.

Penetrating Lube penetrates between close tolerance parts to quickly dissolve and loosen rust, corrosion, dirt, and scale.

As it penetrates into the tightest areas, it carries a lubricating oil to free stuck or frozen parts for easy removal and smooth operation. The solvents in Penetrating Lube help clean and remove grease, tar, sludge, and other build-up. Penetrating Lube leaves a very thin oil coating to help protect metals and prevent future seizing.

### *Cleans and Lubricates*
